

## About the Speaker

**Michael Heuinckx**

**MSN, APRN, NP-C, CEN, CPEN, TCRN**

Michael Heuinckx is Solheim Enterprises newest addition to our fantastic team of instructors. Michael Heuinckx brings a 5 year background as an Emergency Department Registered Nurse, with the most recent 2 ½ of them being completed at a Level 1 Adult/Level 2 Pediatric Trauma center. With continuing education being a priority within his career, Michael has also completed a Masters of Science in Nursing degree, and currently works as a Nurse Practitioner in the Surgical Intensive Care Unit within the same ACS Trauma verified institution.

Michael is not only passionate about his own education, but that of his fellow nurses and the community. Michael has authored the book, Code Blue! Now What? Learn What to Do When Your Patient Needs You the Most! focusing on easing the fears of newly graduated nurses on what to do before, during and after a Code Blue or other medical emergency.

Michael is also active in serving the medical needs of his local community through volunteering on the Medical Team at his local church and at the FernCare Clinic that offers free medical services to those who do not have health insurance. Michael has a special interest in the care of the Trauma patient and plans on continuing his education to one day complete a Doctor of Nursing Practice degree and focusing on Trauma care. Ensuring that Evidence Based Practice is occurring at the bedside and within continuing nursing education.

***Trauma Certified  
Registered Nurse  
(TCRN®) Exam  
REVIEW***

**Rochester, New York**  
**April 9<sup>th</sup> & 10<sup>th</sup>**

This course is a review of emergency nursing designed to assist the participant to be successful in obtaining TCRN® certification.

The course offers lectures, graphics, videos and practice questions in many of the areas that are tested on the TCRN® exam. This review provides a foundation for further study as the participant works toward a trauma certification in emergency nursing.
